Grower's Source

PO BOX 556 . Big Sandy, TX . 75755
903-303-5445
www.growerssource.com

Net Content: 2.5 Gallon
Net Weight: 21.75 Pounds

DIRECTIONS FOR USE: Apply at a rate of 1 to 2 quarts per acre, depending upon toxicity conditions existing in the soil. Optimum results will be achieved for a fall application once the prior crop has been removed. If not possible, excellent results have also been achieved from an early spring application at least 30 days prior to planting of the spring crop.

MIXING: Prior to tank mixing always perform a compatibility test in a separate container (jar).

CAUTION: KEEP OUT OF THE REACH OF CHILDREN

Shake Well Prior to Use

CONDITION OF SALE: Manufacturer warrants that this material conforms to the chemical description herein, and is fit for use as directed. Neither seller nor manufacturer shall be liable for any damages directly or consequently arising from the use of Grower's Source products, therefore buyer acknowledges and assumes all risk from the storage, handling or use of this product.
